Croquet Once More.

The whirligig of time has brought in croquet-that pleasant and innocuous game of the early '70's, when hats were small and busties were big. To be sure, the game has never quite gone out. A tradition of it has been kept by certain carnest players who have special long-headed mallets and talk learnedly of carroms and masse shots, and in the remote villages still gather in the croquet grounds and filrt as those dear girls of 70 and '72 did before them.

And now, with no blown trumpets to an nounce its coming, croquet is here again. It was reinstated in England first. It came ove the sea, and all sensible people made it welcome. It was driven out of the field by tennis; it may find its revenge in banishing its obstreperous conqueror.

Gum Arabic in the Laundry. Gum arabic is, doubtless, the most invalu-

mest beautiful possible finish for her goods-As this gum does not disselve very readily. the following will be found an excellent method for its preparation: Pound two ounces of the line white gum to a powder, and pour over it in a pitcher a pint of boiling water; cover the vessel and allow it to stand over night. In the morning pour the solution been seen at some "Charlotte" teas, so called carefully from the dregs into a clean bottle undoubtedly from Worther's heroine. It has not set it aside for use. A tablespoom of this gum water in a pint of starch will give a board and knile, and, of course, the historic tine, mooth gless to shirts and like goods, pot of jam. It cannot be said that the epot which can be obtained in no other way. An Antique Easy Chair.

Curtously shaped old chairs are estee great treasures, especially if they are veritable antiques; but nearly all the old shape have been successfully imitated by the mod

rn venders of artistic furniture. This oddly shaped seat is not so uncomfortable as is ooks. With a big, soft cushion it makes quite an easy seat. The original was an adapted to the "showlly" dressed ladies with heir long clinging skirts and high pointed head dresses.

Stout women are making the same blunder with the present plain clinging skirts that they did with the tailor-made gowns. One of the painful sights during their reign was the large, fleshy woman who poured her avoirdu ols into a glove-fitting mould which conspicu ously brought out every padded contour o her figure, she resting meanwhile in the com fortable idea that no extra fulness of clot meant a minimum of addition to her size. sto it woman's garments should be fashion to conceal the excess of flesh, not expected t lessen it. One of Oscar Wilde's edicts in the mportant matter is "Drapery is the on refuge of the fat," and the Delsarte priester Mrs. Russell, says in addition: "Loose fol do not enlarge, but hide too much fleshed
